Sub:- Road status in Arunachal Pradesh as on 01.04.2011.

Sir,

In inviting a reference to the above mentioned subject, an attempt has been made to compile the road length in Arunachal Pradesh being constructed and maintained by various agencies. The Booklet alongwith a soft copy is enclosed herewith for your ready reference. The details are uploaded in PWD Website : www.arunachalpwd.org.

Despite our best efforts to compile the correct figures, the possibility of minor inaccuracy cropping up in the compilation cannot be ruled out. We have tried to bifurcate the length of the roads District-wise and Department-wise, based on the inputs received from your office. The present figures give a road density of 16.46 Km/100 Sq Km, which is contrary to the figures being submitted to various Central Ministries of approximately 25 Km/100 Sq. Km.

It is sincerely requested to verify the correctness of the details incorporated in the Booklet of your respective jurisdictions. In case, any name of roads is not included due to oversight or incorrect road length have been shown, it is requested that necessary corrections may kindly be made and a corrected copy sent to this office at the earliest. It is further requested that a separate statement showing the road status as on 01.04.2012 may also be given in the same format so that the achievements made during 2011-12 could be worked out.

The details can be mailed to kenjomete@yahoo.com and ramphaisingh.2009@rediffmail.com to expedite submission at the earliest, but not later than 30th April, 2012 please. Your personal cooperation in the issue is solicited so that a correct data bank of roads in Arunachal Pradesh can be maintained.

Encls: As above.

Yours faithfully,

(Kenjom Ete)
Chief Engineer (D & P)

Memo No.CEAP(D&P)/ W-1/AOP-(R&B)/2011-12/
